BANKER'S FRIENDS ELATED

"Twelve years ago I became afflicted with stomach trouble which steadily became worse. I frequently came prostrated with colic attacks and bloating. My doctors wanted to operate for gall stones. I wished to avoid an operation and on advice of a friend tried May's Wonderful Remedy with excellent results as since taking it about 2 years ago my trouble has entirely disappeared. It removed the catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at Sumner's Drug Store and druggists everywhere.—adv."

FRESH OUTBREAK AT BELFAST

LONDON, Aug. 25.—One person was killed and twenty wounded in a fresh outbreak of fighting and incendiarism in Belfast, said a Central News dispatch.
Cured His RUPTURE
I was badly ruptured while lifting a trunk several years ago. Doctors said my hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me. Eugene M. Pullen, Carpenter, 548G Marcellus Avenue, Manassas, Va. J. Potter cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.—Adv.

patch from that city today.
Forty fires were started, according to the dispatch.
The police and British troops made thirty arrests.

WOMEN SHOULD TAKE WARNING

If the statement made at a New York Assembly of women, that healthy American women are so rare that they are almost extinct, is true, it is time for the women of America to take warning and look to their health. It may be headaches, backaches, dragging down pains, nervousness, mental depression that are tell-tale symptoms of some organic derangement for which Lydia E. Pinkham's Vegetable Compound—a simple remedy made from roots and herbs—is a specific and may be relied upon to restore women to a healthy normal condition.—adv.
